

CLASSIC CARS AND LEGENDARY STARS

Manon, Lindsay, Catherine, & Michele

The 11th Anniversary Edition Classic Cars and Legendary Stars festival rolled through Brampton from July 15th-17th. The name says it all really. For three days, heads were turning at the vintage automobile displays and attendees were able to enjoy tributes to some of rock's greatest talents on the mainstage. SNAP was at Gage Park's Main Stage on July 16th to catch day 2 of the action. Pop Cherry was lighting it up on the stage to begin the evening, while 2112 and Destroyer, a Kiss Tribute Band made the rest of the evening explosive. The festival truly is a fun-filled experience for people of all ages. While Classic Cars and Legendary Stars rocks downtown Brampton to its core every year with great live acts, the cars, and especially the parade on the 17th, seem to truly captivate people year after year. This year's event, brought to you by the Brampton Downtown Development Corporation, may have been the best yet! Visit them at www.bramprondowntown.com for details on upcoming events in the city of Brampton.
