

# INVESTORS GROUP CONCERT SERIES

Steve, David, Sandra, & Andre

Patrick, Lucas, & Ingrid

July started off with a little more music in the heart of Downtown Brampton. On July 8th the Community had the chance to experience a musical and soulful concert in the "charming" Gage Park. Known as the Investors Group Thursday Night Concert Series, the BDDC & Investor's Group were proud to introduce RK Sound Prime-Time. From Folk music to classical saxophone playing jazz, to rhythmical blues and Canadian rock, many were able to sit down, or dance to their favourite tunes. Even though most of the guests were not willing to leave they had another chance to listen to Brampton's various bands every Thursday. You too can also enjoy this great experience by simply attending every Thursday at the Gage Park starting now to September 19th.
